Graduation, 1970

Dear Graduates:

The man of the 70's will live with much uncertainty, turmoil and change. "Status quo" is already the unpardonable sin. Traditions, institutions and once-treasured values are all under attack. Those on the far side of the "generation gap" bemoan the lack of security they once knew.

Change, unrest and doubt are neither good nor bad in themselves. Few thinking people deny that a critical and intelligent examination of reality can be a healthy venture. There is always the very real probability that adaptation is necessary as man learns more about himself and his role in creation. Value systems, institutions and traditions must withstand responsible criticism or face rejection.

Your Althoff years have equipped you to assume the responsibility of guiding a searching and uncertain society. An Althoff graduate, you are not so enamoured of change and rejection that you cannot see the values of the past. You can be relevant and still respect truth which is unchanging.

As Christian men and women, yours is the privilege to make the world more perfect, as only a Christian can make it perfect. Your tools are Christ and the "Good News" He brought, and your own deep convictions. Only the future will tell how well you have learned and how deeply you love. Christ's love and truth are the stability necessary even in times of uncertainty and searching.

We wish you well!

Sincerely,

Reverend Raymond C. Orlet
Principal

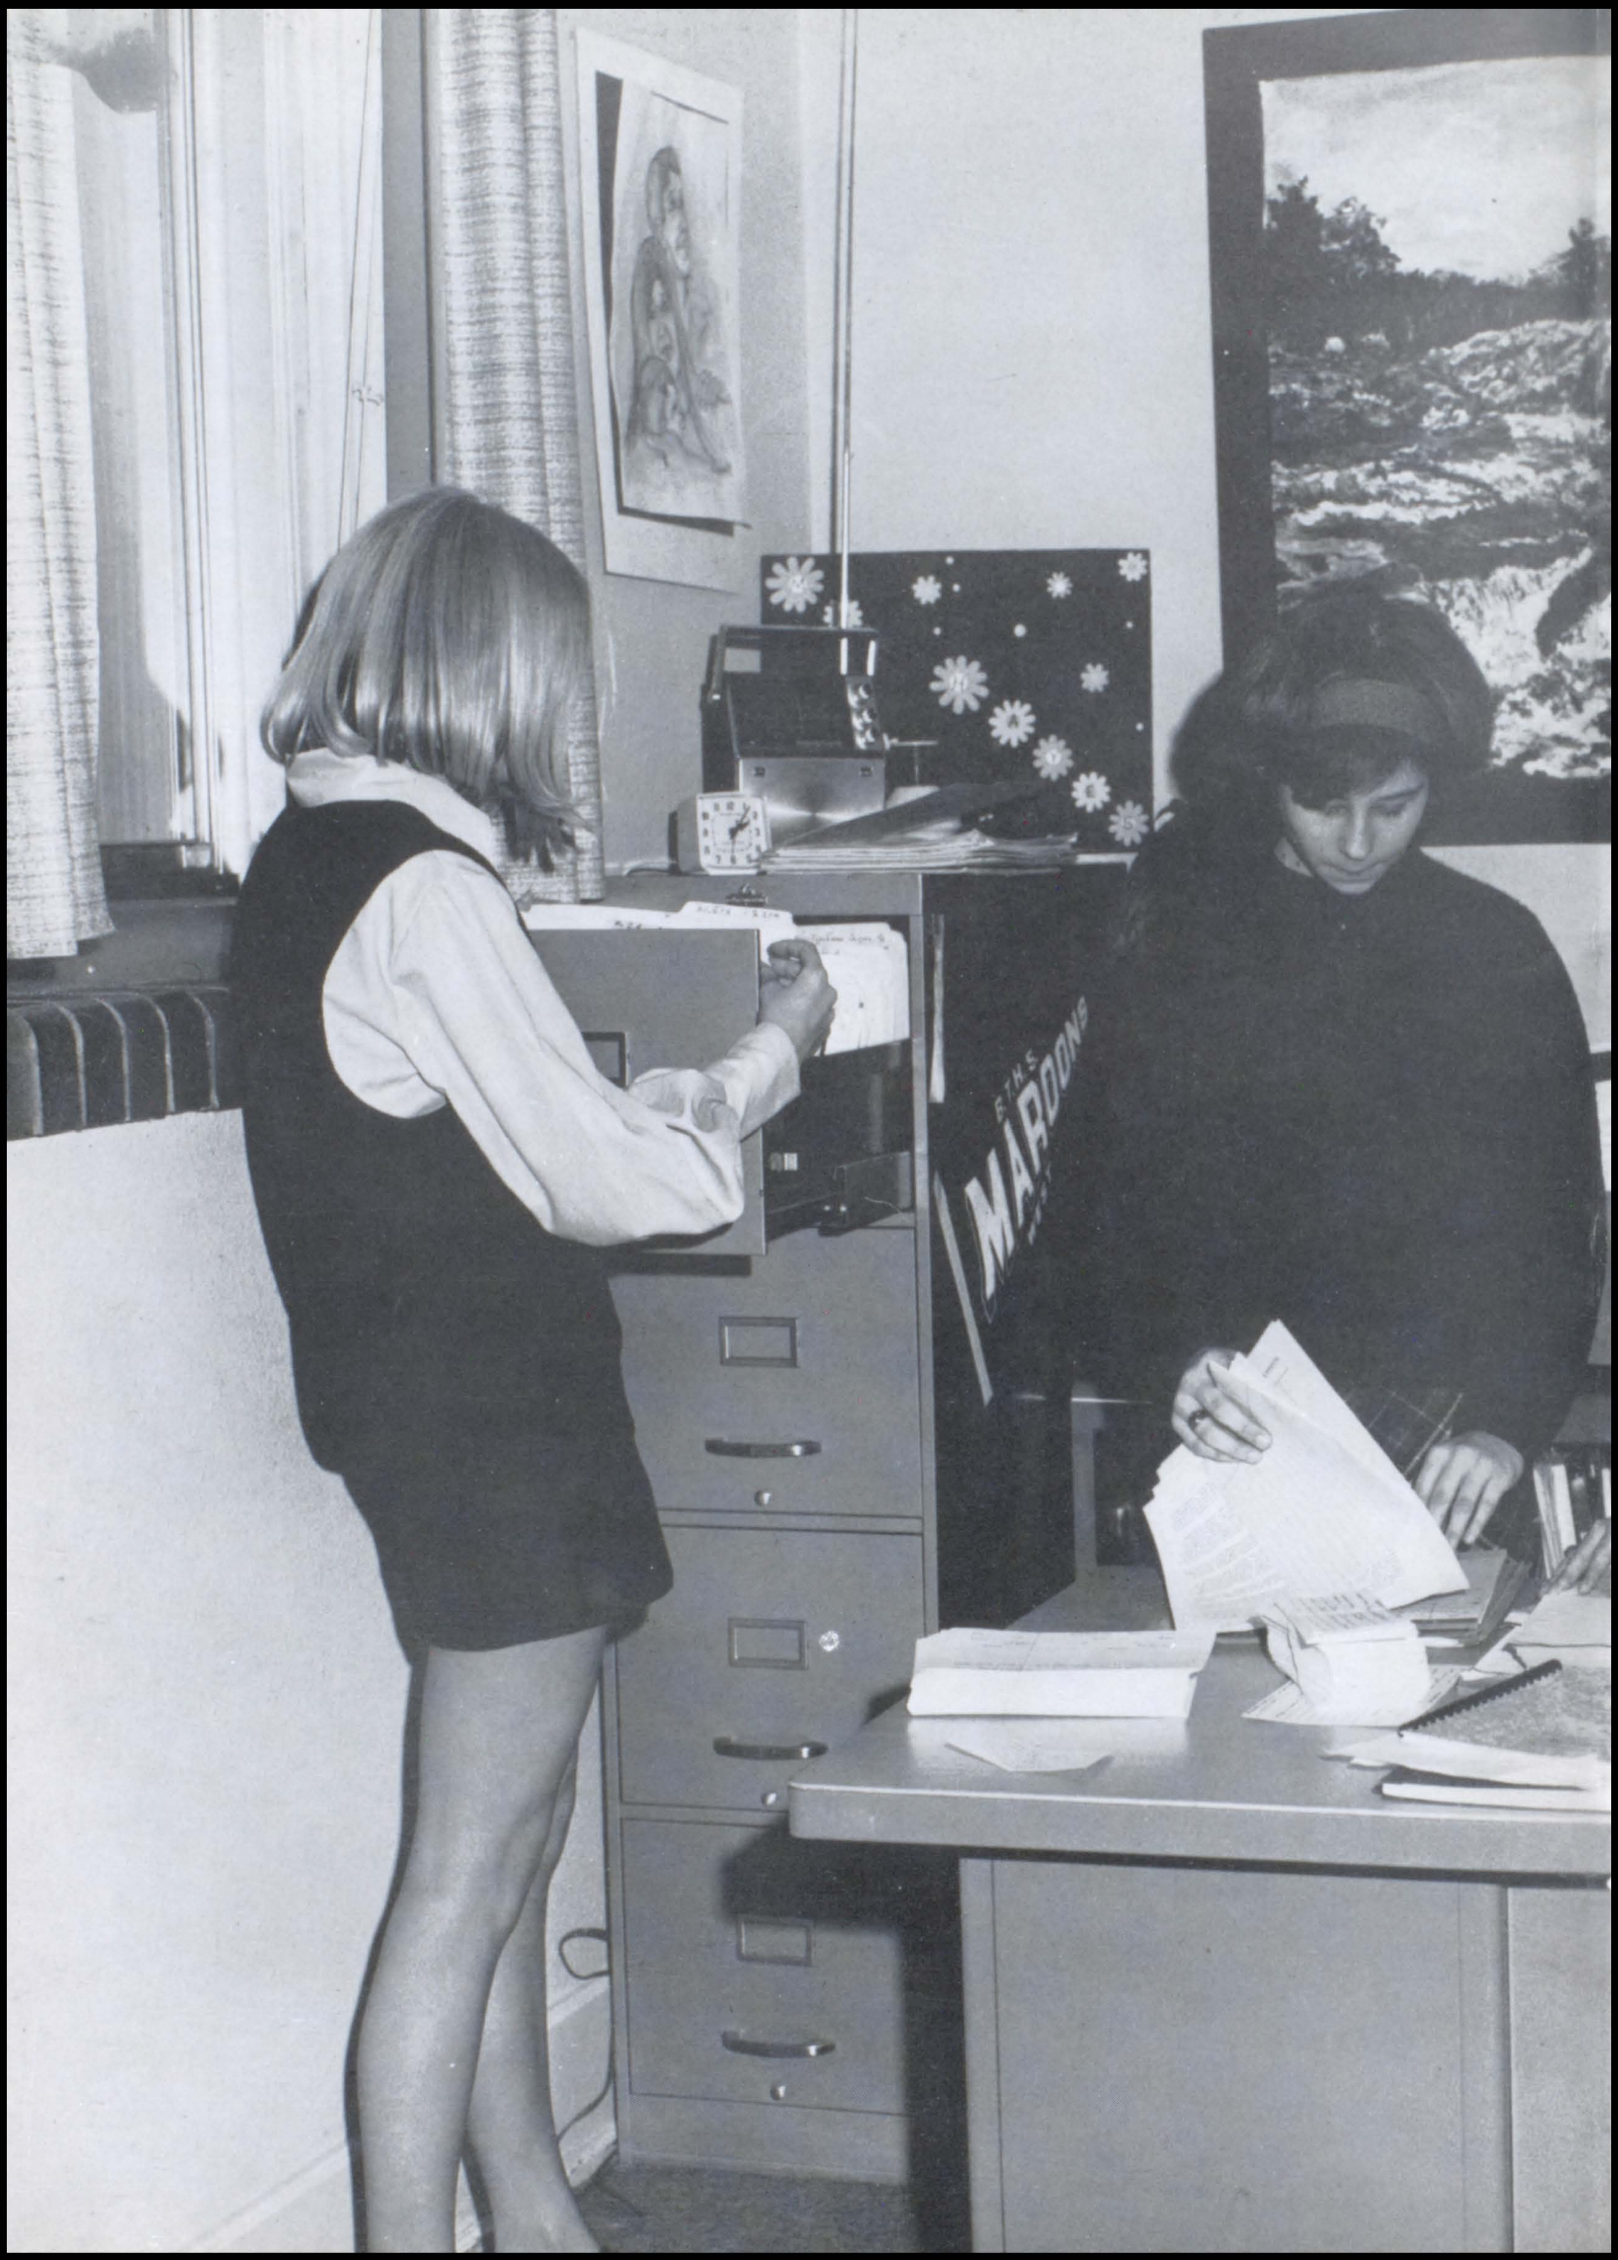
Sorrow . . . I wish it weren't

Senior boys find that they can relieve their tensions before the East game by taking a whack at the Lancer Mobile.



B.T.H.S.
MAROONS

Standing alone is good,
But sometimes it's hard to
challenge the whole
world.
People are daily encoun-
ters in our lives -- all sorts
of people.
Some are roaming in soli-
tude;
They try to make it alone.
When will they ever learn
That somewhere out in life
There is a hand to hold?

Worked to make "West the Best"

Retiring this year are three dedicated staff members; two from the faculty, one from school personnel.

Miss Ruth Mueller, shorthand and office occupations teacher, Mr. Clifford Corrough, Guidance Director, and Mr. Theodore Funderburk, chief engineer, have contributed to the development of the school and the community their varied talents, training, and experience.

Since September of 1930, Miss Mueller has been a teacher at West. A native of Belleville, she graduated from BTHS, Washington University, Brown's Business College, Colorado University, and Columbia University. She holds a Master's degree in business education from Columbia. During World War II, Miss Mueller rose to the rank of major in the Women's Army Corps. In addition to her classes in the Business Education Department she organized and served as Coordinator of the very successful Office Occupations program and sponsored the Office Occupations Club. Through her efforts many graduates have been placed in varied positions in the business community.

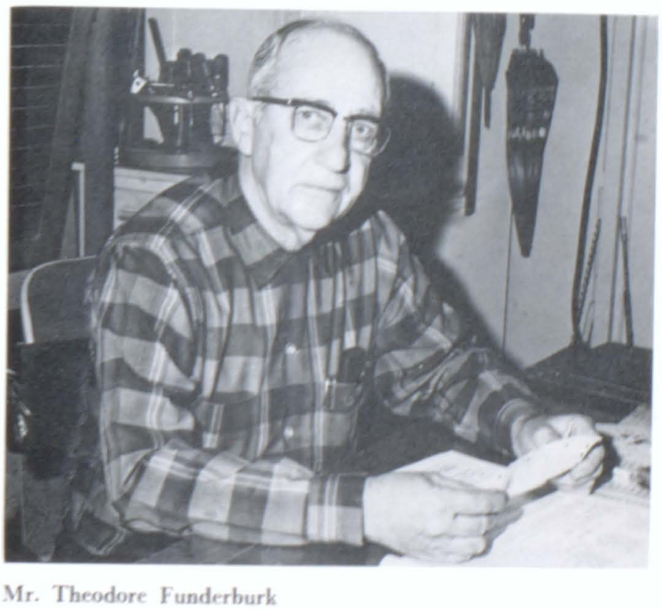
Miss Ruth Mueller

Mr. Clifford Corrough

Serving as a counselor at West since August of 1947, Mr. Clifford Corrough has guided many students in choosing college and vocational careers. He earned the A B degree at Grinnell College before attending the State University of Iowa, where he received his Master's degree. He was also a student at the Teachers' College of Columbia University and at the University of Illinois. Mr. Corrough taught for twenty years at other schools in the United States before coming to Belleville as a counselor and then Guidance Director and Head of the Department of Counseling.

Mr. Ted Funderburk has served on the custodial staff at West for thirty-seven years. He started as fireman, became assistant engineer, and then chief engineer. He has been responsible for organizing the custodial staff and maintaining and repairing the buildings and grounds. The fact that we take the campus for granted reveals the efficiency and the work behind the scenes.

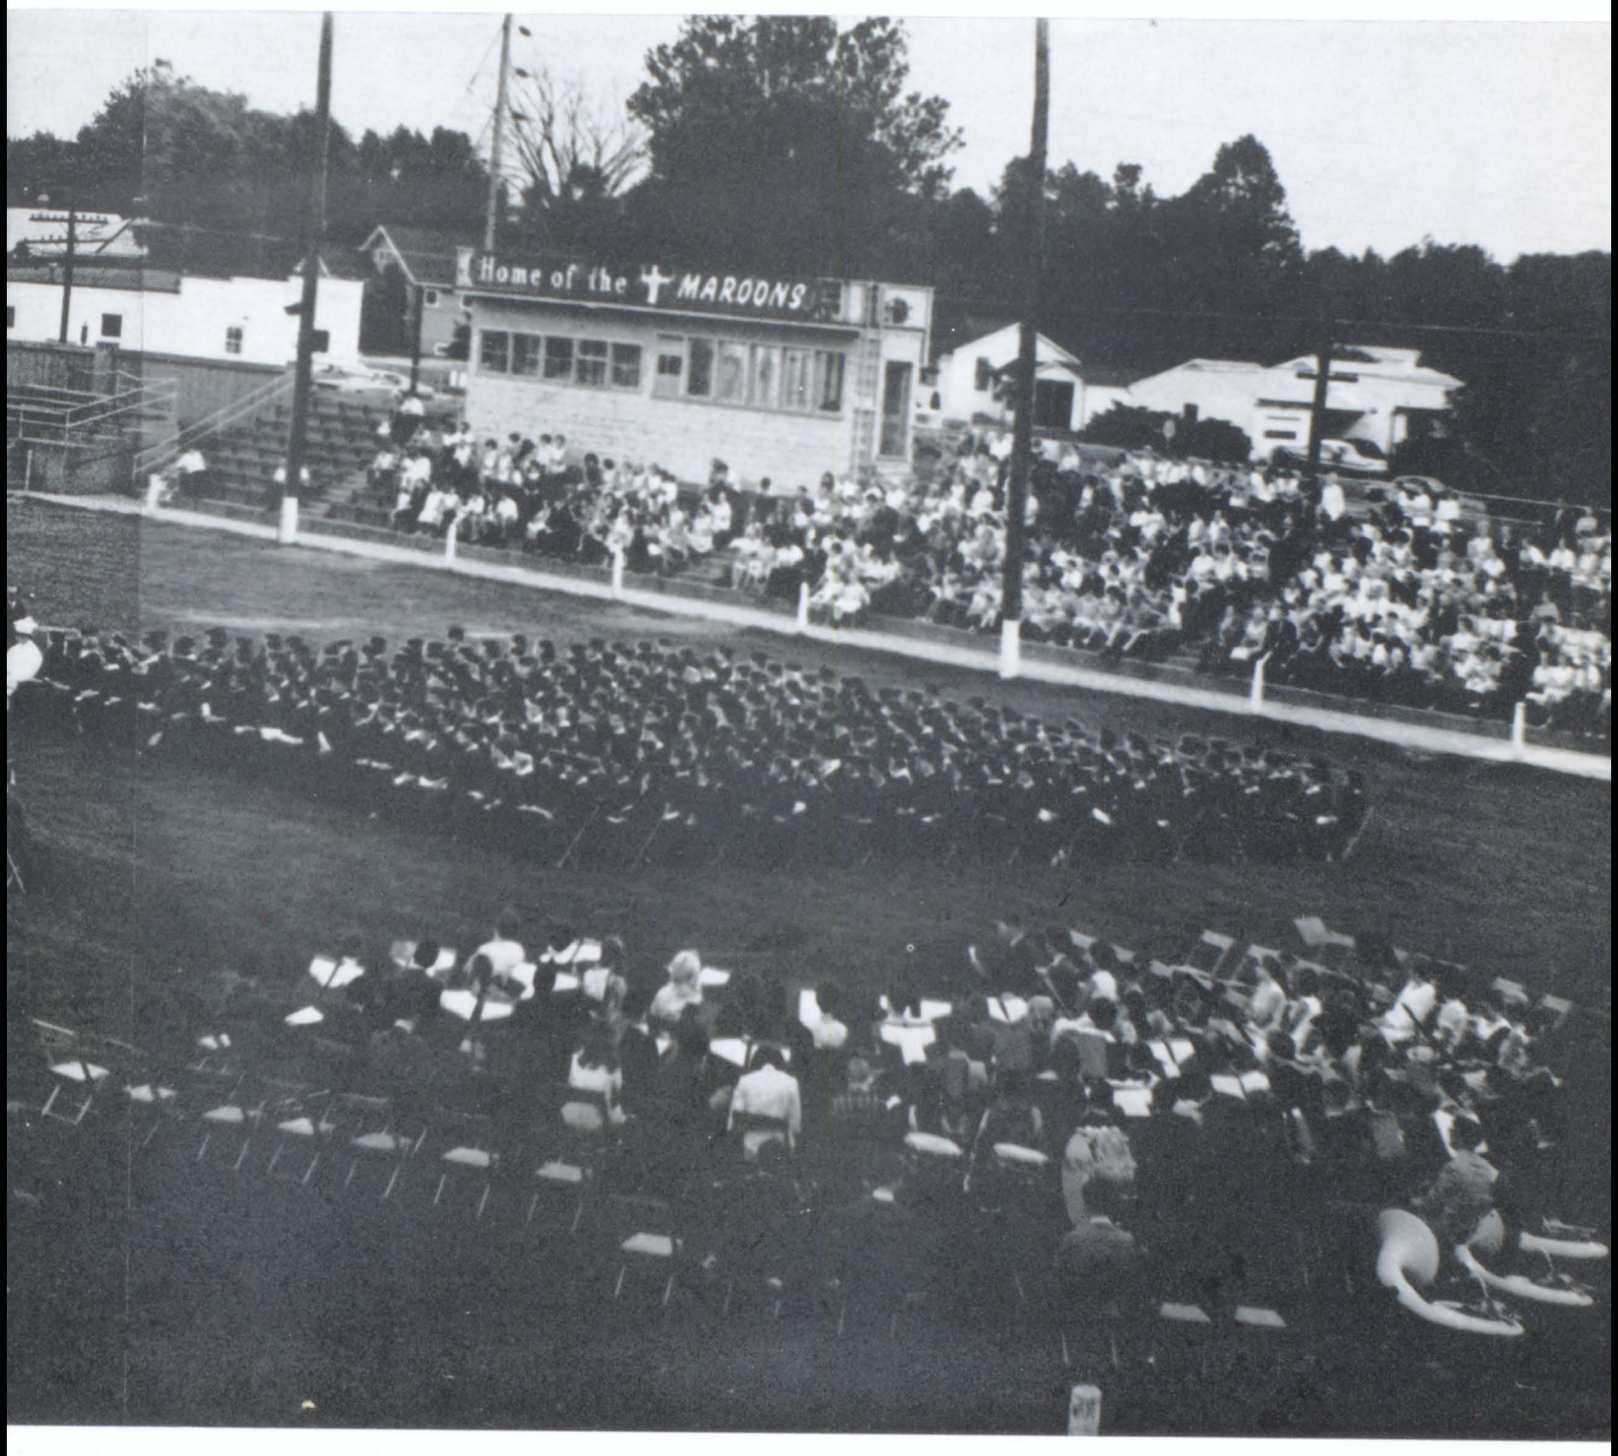
To these faculty and personnel West and the community of Belleville owe a debt of gratitude and appreciation for their time and effort in making West "the best" in all ways.



Mr. Theodore Funderburk

Tomorrow is so far from today, until today fades into yesterday and tomorrow becomes today. And so it passes; next year becomes this year, and this year is lost in last year. Thus time goes in circles, and life goes in circles. Within each rotation we seem to grow a little older and get a little wiser. And yet with each rotation we seem to venture a little farther away from our family and our friends.

After four years of a set life it's sort of hard to say good-bye, not knowing what is waiting for us. But the time comes for a change, and we have to face it. Maybe



this is just an explanation for the mixed emotions at graduation. We are happy to be on our own, yet we want the past security of these walls to remain. We're not sure whether to laugh or cry, to be happy or sad.

Life is a funny thing. We have to experiment and explore in order to get anywhere. But we have to know where to stop so we don't fall off the top of the world. We have to be bold but meek; brave but humble. We have to judge what's right and what's wrong. And so each man walks his own phase of life, knowing that God is there to help him.

Experience, knowledge with life, knowledge for past and present

Experience is a gift
that many may possess,
but few do share.

When experience is shared,
wisdom is shared.
And the world takes a step
out of darkness into light.

—J.E.

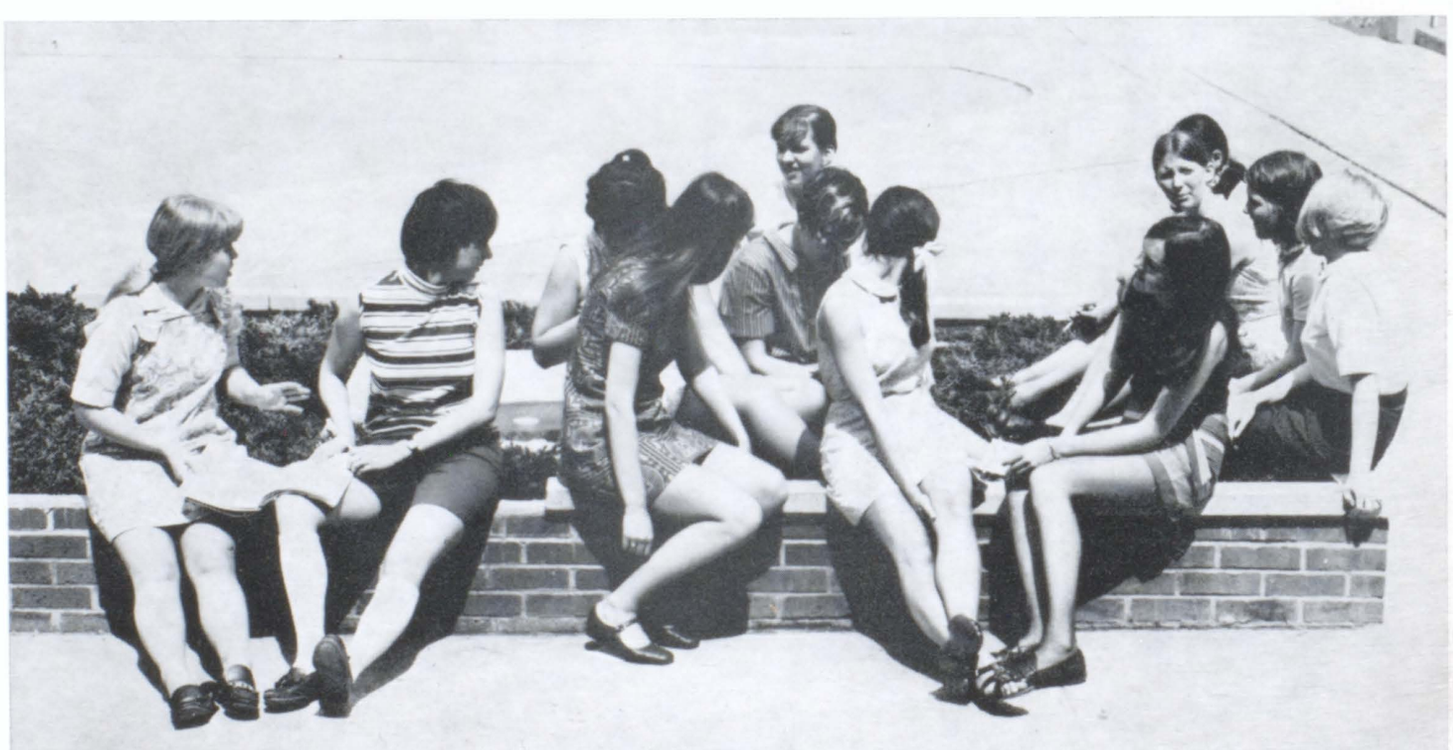
After turning in the countless pages of copy and meeting the last deadline, the 1970 yearbook is finally completed, leaving differing emotions in the entire staff.

We extend our deepest appreciation to Mr. Norman Semmelroth, Jack Pazinski, and Larry Reeble of Record Printing and to Mr. Harry J. Swain of Central-Apex Engraving. Without the valuable suggestions and technical help of these men, the completion of this book would not have been possible. We also wish to express our thanks to Mr. Stan Cedarleaf and Mr. Frank Beekman for supplying us with a few pictures.

Miss Jane Hansleben, our tireless adviser, also deserves our sincere thanks for her behind-the-scene help and her endless efforts in helping us produce a book of which to be proud.

Finally, I wish to acknowledge the important role of the staff of the 1970 Bellevinois. Through their conscientious efforts and dedication, they have combined their creative talents and lived a year that will never be forgotten.

Cindy Haas
Editor-in-Chief



During the year Cindy was surrounded by diligent staff members. But came April 29, with its ninety-two degree temperature and all the copy at the printer's, and most of the staff landed in the fountain. (The sports editors were still hard at work in the cellar.)
